

## FAMILY MEDICAL INFORMATION SHEET FOR PANDEMIC FLU RESPONSE

It is important to think about health issues that could arise if an influenza pandemic occurs, and how they could affect you and your loved ones. For example, if a mass vaccination clinic is set up in your community, you may need to provide as much information as you can about your medical history when you go, especially if you have a serious health condition or allergy.

Create a family emergency health plan using this information. Fill in information for each family member in the space provided. Begin on page 2 if your family is small. **Like much of the planning for a pandemic, this can also help prepare for other emergencies.**

| Family Member | Blood Type | Allergies | Past/Current Medical Condition | Current Medications and Dosages. |
|---------------|------------|-----------|--------------------------------|----------------------------------|
|               |            |           |                                |                                  |
|               |            |           |                                |                                  |

| Family Member | Blood Type | Allergies | Past/Current Medical Conditions | Current Medications/<br>Dosages |
|---------------|------------|-----------|---------------------------------|---------------------------------|
|               |            |           |                                 |                                 |
|               |            |           |                                 |                                 |
|               |            |           |                                 |                                 |
|               |            |           |                                 |                                 |
